

STREET LIGHT INSTALLATION APPLICATION

(15 May 2007)

Ogden City Policy:

The Street Light Policy adopted by the City Council provides for the installation of lights in the middle of full-length residential blocks, in addition to the lights at street intersections. These mid-block streetlights can only be installed where there is already a street light system in your neighborhood. However, mid-block streetlights must be at least 300 feet from any other streetlight and must be approved by a majority of the property owners on the street the light is installed on that are within 150 feet of the proposed street light location.

Comments - Justification:			

Mid-Block Street Light Installation Process:

1. After the information above is provided to the **Public Services / Public Ways and Parks Division (629-8271; 133 West 29th Street, Ogden, UT 84401)** a field investigation will be made to determine the exact location that the proposed street light should be installed at. Street light locations are based on spacing and availability of a power source. Street light poles are located in the public right-of-way generally on the common property line between two adjacent properties.
2. You will be contacted once this field investigation has been completed. If the street light is approved for the requested location, you will be provided with this application for you to complete with your neighbors. The field investigation should be completed within 30 calendar days of the date you submitted your application.
3. Take this document to your neighbors and explain that you are trying to have a street light installed (or removed). Try to get all their signatures on the attached Resident Petition, though a simple majority is all that is necessary for approval of this application. However, it is necessary to obtain the signature(s) of the two adjacent property owner(s) whose property line the light pole will be installed on.
4. Return this document to the **Public Services / Public Ways and Parks Division at 133 West 29th Street, Ogden Utah 84401.**

FOR OGDEN CITY USE ONLY!
